

Experience

2008–PRESENT

Freelance Interactive Visual Designer Norwalk, CT

For over 9 years i've lead the design of experiences for web and mobile devices. I have a real passion for creating highly polished interactive solutions that solve problems in elegant ways. In these roles I designed production-ready visual designs, prototypes and wireframes as well as a collaborated with IA/UX and engineering teams. Additionally, i've directed designers and lead client workshops & presentations.
